

World class thinking. World class achieving.

St Mary's College

HEALTH & SOCIAL CARE

Pre-course reading and guidance

Welcome to Sixth Form Health and Social Care

This powerpoint is designed to help you think ahead towards futures in health and social care but also to help you consider how to become the best people you can be in today's complicated world.
We hope to see you in September!

Health and Social Care

We offer **two different courses** that you can choose from.

- › This means you can choose to do a **single A level** equivalent award in health and social care: **OCR Cambridge Technical Level 3 Extended Certificate**

or

- › You can choose the **triple A level** equivalent award in health and social care: **CACHE Level 3 Technical Extended Certificate in Health and Social Care**

Health and Social Care at Level 3

3 A LEVEL EQUIVALENT

- **Year 12** all coursework & one controlled assessment
- **Year 13** all coursework & one controlled assessment & one exam
- Equivalent UCAS points to any other A level
- Work Experience

1 A LEVEL EQUIVALENT

- OCR
- Take 3 other Level 3 qualifications
- 3 Exams
- 3 Units of Coursework
- Pass, Merit, Distinction

Health and Social Care

You can choose either option and you still come out with the same grades as if you took any other A level.

For instance if you got an A* taking the **CACHE triple award**, that would mean that you get the equivalent of **3 A* at A level.**

This is **worth the same amount of UCAS points** towards university as if you had taken Maths, Physics and Chemistry!

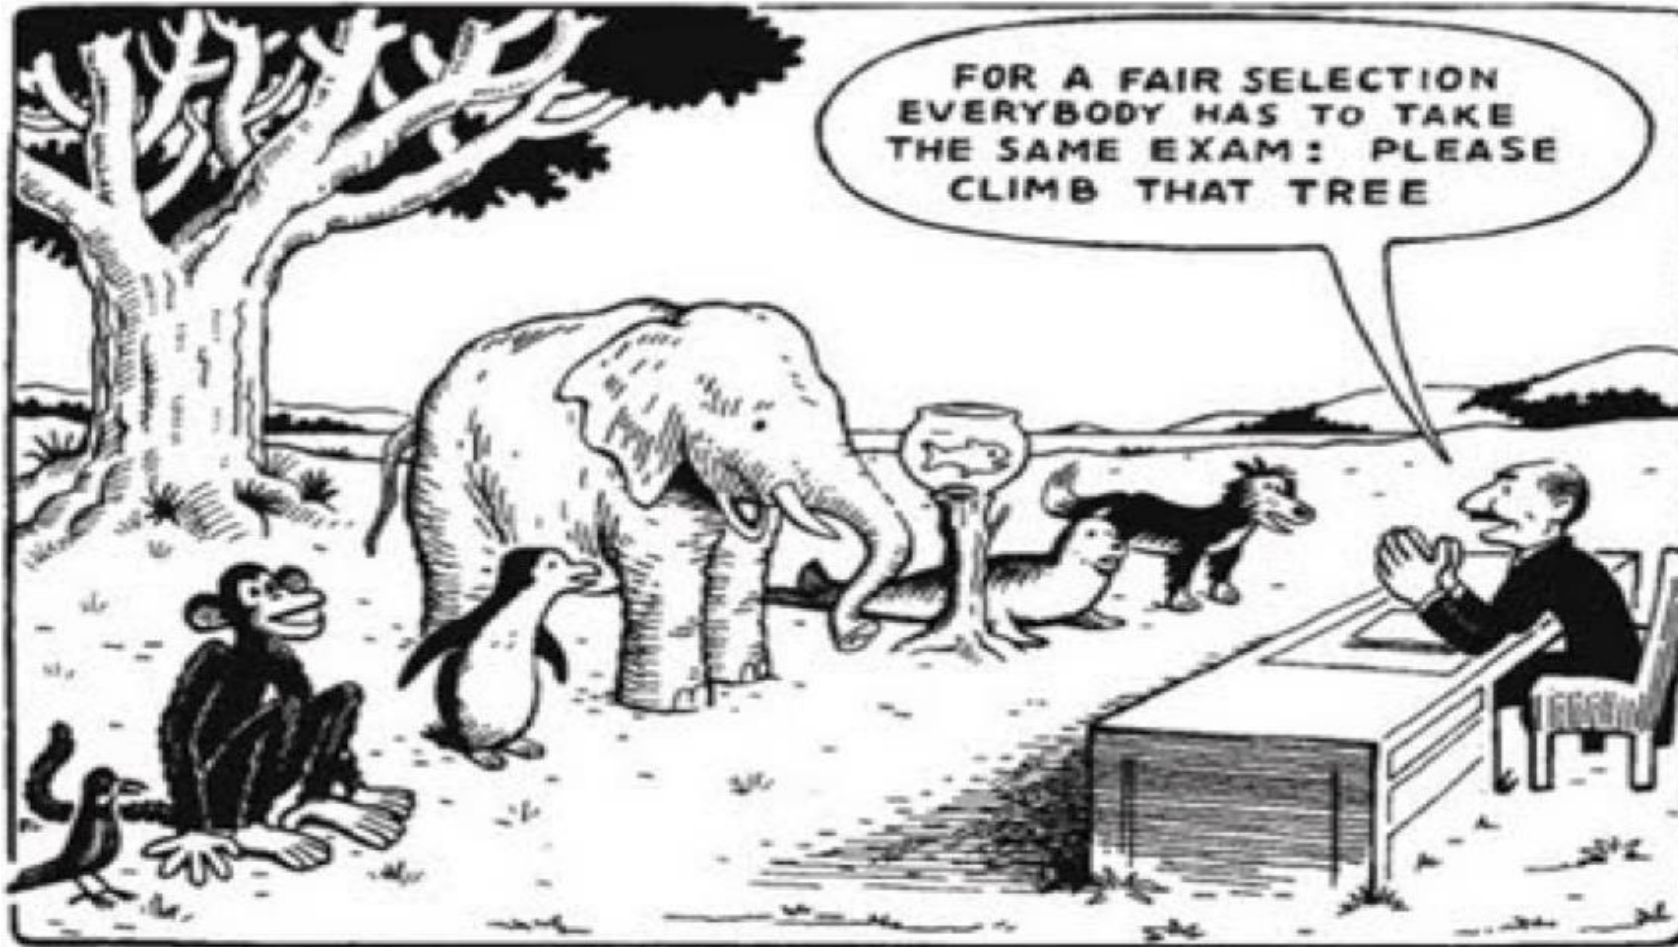

Health and Social Care

A unit of work that you will complete as part of both courses is on **equality, diversity and rights**.

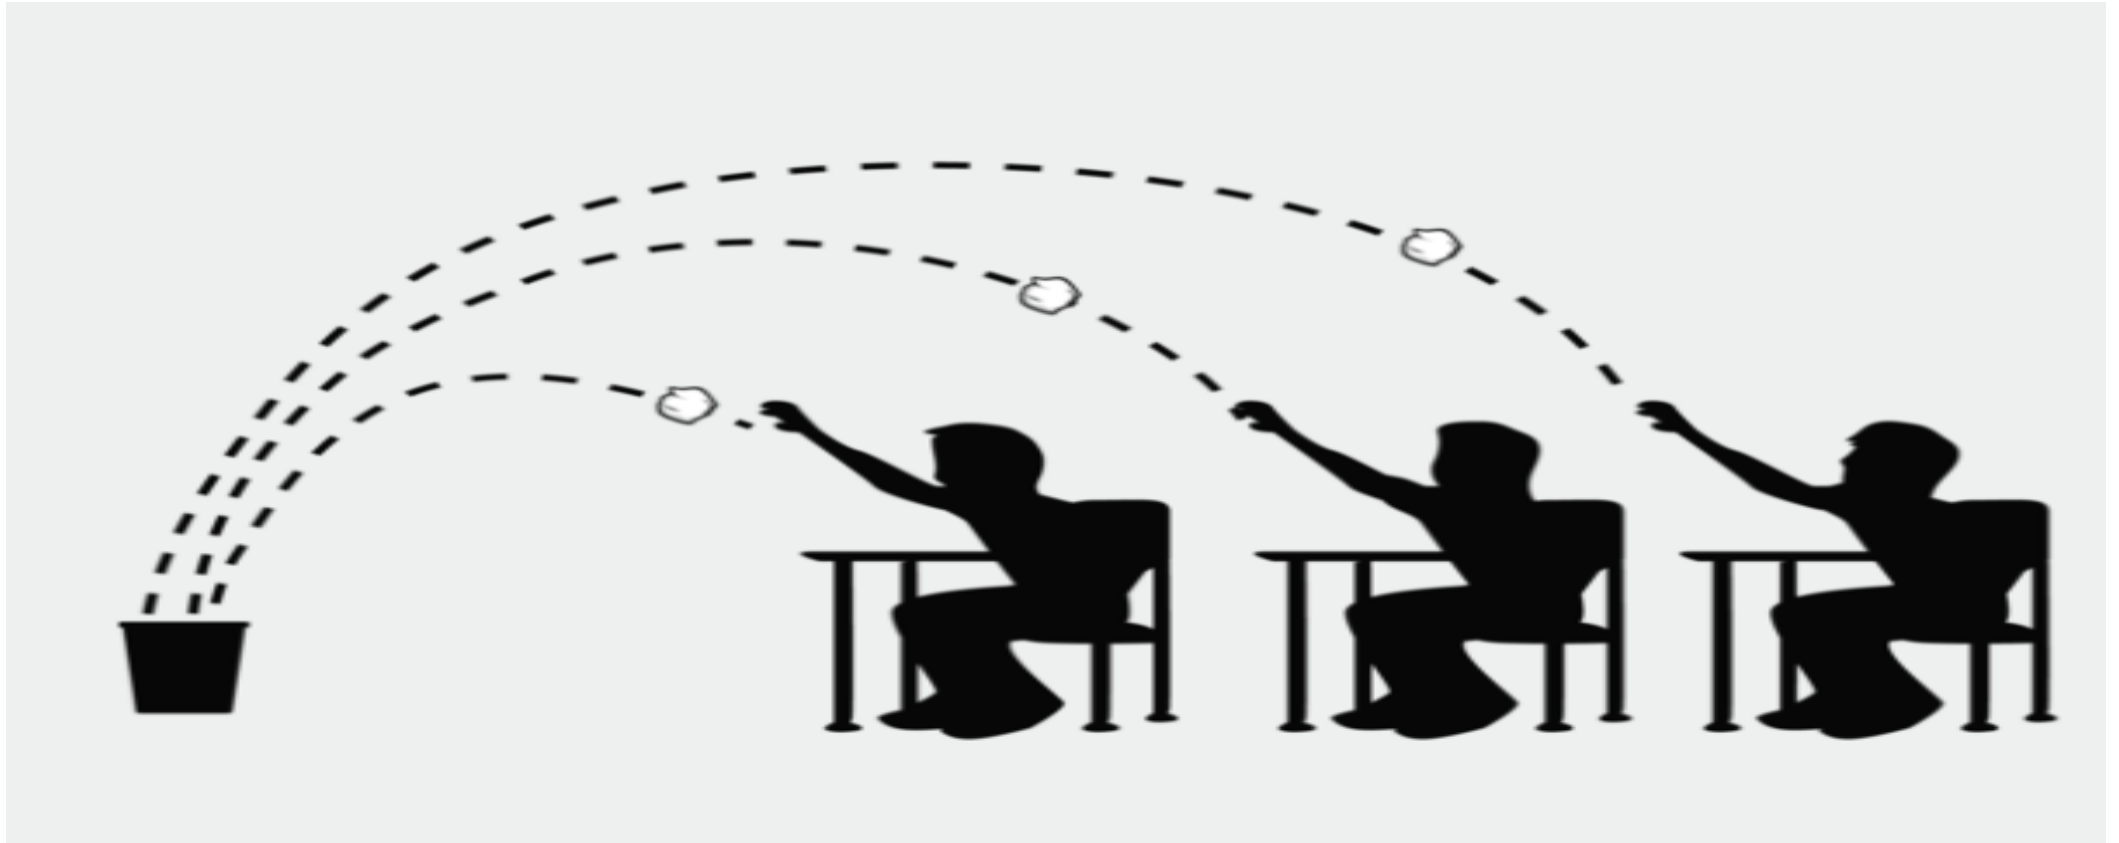

These next slides will help you to explore these concepts a little further.

Lesson 1: What are we studying today?

Lesson 1: What are we studying today?

What is Equality?

Equality is about ensuring that every individual has an equal opportunity to make the most of their lives and talents. It is about believing that no one should have poorer life chances because of where, or to whom they were born, what they believe, or whether they have a disability or not.

Challenge

How should equality be shown in a health and social care setting?

Challenge +

Why is equality important in a health and social care setting?

Lesson 1: Equality

<https://www.independent.co.uk/travel/news-and-advice/luton-airport-wheelchair-paraplegic-sues-flight-justin-levene-a8615086.html>

Use the link and read the article.

- › Do you agree with Justin? Why or why not?
- › Does this sit with the definition of equality on the last slide? Why or why not?

Lesson 2: Rights

There are 6 rights that everyone has.
These are:

1. Choice
2. Confidentiality
3. Protection from abuse and harm – protecting peoples health wellbeing and human rights and enabling them to live free from harm abuse and neglect.
4. Equal and fair treatment
5. Consultation
6. Right to life

Lesson 2: Memorise all 6 rights. Give yourself 2 minutes to memorise them.

There are 6 rights that everyone has. These are:

- 1.Choice
- 2.Confidentiality
- 3.Protection from abuse and harm – protecting peoples' health wellbeing and human rights and enabling them to live free from harm abuse and neglect.
- 4.Equal and fair treatment
- 5.Consultation
- 6.Right to life

Lesson 2: Test yourself!

Try and remember all 6 and write them down.
Time yourself again for 2 minutes.

> 1.

> 2.

> 3.

> 4.

> 5.

> 6.

Lesson 2: Check Your Answers

There are 6 rights that everyone has. These are:

- 1.Choice
- 2.Confidentiality
- 3.Protection from abuse and harm – protecting peoples' health wellbeing and human rights and enabling them to live free from harm abuse and neglect.
- 4.Equal and fair treatment
- 5.Consultation
- 6.Right to life

Lesson 2: Research a definition for each keywords in health and social care rights.

1.Choice

2.Confidentiality

3.Protection from abuse and harm – protecting peoples' health wellbeing and human rights and enabling them to live free from harm abuse and neglect.

4.Equal and fair treatment

5.Consultation

6.Right to life

Lesson 3: What are we studying?

We are studying Diversity

- › Diversity is what makes us all difference and special.
- › Diversity should be promoted, and respected at all times in health and social care.
- › Create a mind map about all of the different characteristics in society which we should celebrate and which make us DIVERSE.

Diversity: Add to your answers.

- › Race
- › Religion
- › Cultural differences
- › Gender and gender reassignment
- › Age
- › Family structure
- › Marriage and civil partnership
- › Social class
- › Language
- › Dress
- › Food
- › Music
- › The arts
- › Education
- › Pregnancy and maternity
- › Disability

What do you think?

Research a definition for Vegan.

Read this article:

› <https://metro.co.uk/2019/12/21/vegan-sacked-beliefs-demands-court-treats-lifestyle-like-religion-11946322/>

What do you think about this case?

Read this article – this is what the courts decided!
